APARTMENT HOME COMMUNITIES

Redwood Apartment Communities provides more than just a rental apartment, but a home. Featuring signature single-story design, with two bedrooms, two bathrooms and an attached garage in a neighborhood setting, offering the unique experience of a rental apartment that feels like a single-family home. Rentals include maintenance, landscaping, and snow removal for its tenants

1991

With one property and our visionary Founder, Steve Kimmelman, we focused on creating a living experience residents deserved—one that felt like home.

2003

David Conwill partnered with Steve to lead Redwood's growth platform, which started in Akron and quickly multiplied across the Northern Ohio region. People started to fall in love with the idea of an apartment that felt more like a home than a rental.

2011

With Redwood's methodical growth, talented real estate and business professionals joined Redwood to further expand and enhance the single-story living strategy. The passionate Redwood team implemented a business model that emphasized the needs of each individual resident.

Today

It's been nearly 30 years and we've grown into an integrated company responsible for both the development of neighborhoods and their management. We aren't done growing and improving, though! Our neighborhoods in Ohio, Michigan, Indiana, Iowa and the Carolinas are just the start—stay tuned for more.
